

MOVE MORE PALLETS IN LESS TIME.

# HAND PALLET TRUCK

3,300 / 5,500 LB CAPACITY

## 1. Quality

### Solid Construction

The cast iron, one-piece pump features a controlled lowering rate valve to reduce product jarring and a chrome-plated piston for longer pump life. Polyurethane seals at high pressure points help ensure your load gets off the ground quickly, reducing the fatigue on operators.

## 2. Durable

### A Rugged Frame

Engineered from thick homogeneous steel, the frame features temperature-controlled robotic welds to maintain material strength and powder coat paint for additional protection in tough applications.

## 3. Reliable

### Easy-To-Use

Steel entry brackets and a trouble-free entry/exit roller system provide ease of entry when moving pallets. Adjustable pushrods on the reinforced c-channel forks resist twisting under heavy loads, making the hand pallet truck easy-to-use in a variety of applications.

## 4. Comfortable

### Ergonomic Handle

Designed to reduce operator fatigue and improve productivity, the truck's handle features a neutral setting and a spring that returns the handle into an upright position when released.
